On Monday, the 2nd November 2015 the undersigned attended a day long workshop at Army Public School, Narengi. The workshop was conducted by Mrs. S.Sharma of CBSE on Mentoring/Monitoring for the Principals/Mentors. It was an enriching experience wherein the Mentors refreshed themselves on the various aspects on Mentoring and the new Mentors cleared all their doubts with the help of various activities conducted.

The Saransh programme of CBSE was also talked about by the resource person. I have personally found Saransh to be an effective tool for self review of the performance of the students. At one glance it helps to get the full picture of the standing of our own school/individual students vis-a-vis other schools/students and the CBSE standard. It offers a lot of scope for improvement of a particular school as in-depth analysis has been done.

However the data of Maria's Public School (No. 05065) has not been updated since 2009. Shall be grateful if the needful is done.

Mrs. Alpana Khound Phukan
Principal
Maria's Public School, Guwahati (05065)
